Dear Mr. Tobin:

Re: South Cavalcade Superfund Site

We have reviewed your letters of March 31 and April 10, 1986 pertaining to the classification and disposal of wastes generated during field investigation activities at the South Cavalcade Superfund Site. As you know, the investigation at the South Cavalcade Site is being conducted as an EPA enforcement action, therefore we are providing our comments on this matter to the EPA Region VI office in Dallas. Resolution of appropriate handling and disposal for CERCLA wastes is more appropriately addressed by EPA.

I will continue to keep abreast of this situation in concurrence with the EPA Project Officer, Mr. John Cochran.

Very truly yours,

JHBrown
Joe H. Brown
